Hello,

I am writing to you today to demand accountability and justice for the murder of Breonna Taylor.

Sgt. Jonathan Mattingly and officers Brett Hankison and Myles Cosgrove must be fired, detained, and charged at once. These criminals have continued to run free and we, the American public, will not rest until justice for Breonna and her family has been made.

Breonna's service to her community, her life, and her story will not be forgotten by any of us. We expect to see the department take swift action and use this heinous crime as a reminder to the entire police force and justice system in Louisville that racism and violence towards communities of color will not be tolerated and will face the highest penalties under the law – EFFECTIVE IMMEDIATELY.

Looking forward to seeing Breonna's murder brought to justice,
